**WOOL CONTEST WINNERS** — Winners in the district "Make It Yourself With Wool Contest" held Saturday, will compete in the state contest to be held in Sedalia on June 20. They are: Amy Ann Scott, right, daughter of Mr. and Mrs. Durward Scott, Fristoe, winner in the senior division, and Judy Hopkins, center, daughter of Mr. and Mrs. C. H. Hopkins, Route 1, Sedalia, winner in the junior division. On the left is Caroline Staley, daughter of Mr. and Mrs. Fred Staley, Jr., Route 2, Sedalia, who won first in the new Sub-Deb Class on her skirt, but who will not compete in the state contest. This class is to prepare the younger girls for competition in the junior and senior divisions later. (Democrat-Capital photo)

## Russian Offer Rejected

**President Personally Decides Invitation To Joint Chiefs Cannot Be Accepted**

WASHINGTON (AP) — President Eisenhower personally rejected today a Russian bid for all members of the U.S. Joint Chiefs of Staff to visit the Soviet Union.

The President made the decision in a conference with his chief aide, Sherman Adams, in the Walter Reed Hospital room where he is recovering from an operation performed last Saturday.

Eisenhower left the way open for some of the Joint Chiefs to go to Russia later on the condition they were given plenty of time outside Moscow to look at "activities of special interest to their own services."

White House Press secretary James C. Hagerty made the announcement of the U.S. position. He emphasized that the decision was the President's and that he was announcing it with the President's authorization.

The Soviet move was the outgrowth of an invitation, which has been accepted for Gen. Nathan Twining, Air Force chief of staff, to attend the Soviet Union's aviation celebration June 24.

Twining plans to spend eight days in Russia.

Today's announcement apparently indicates the United States does not expect him to get an adequate look at the Russian defense establishment.

## Arab Premier Will Hold Moscow Talks

CAIRO, Egypt (AP) — Seif ul Islam Badr, slim young crown prince and premier of the isolated Arab kingdom of Yemen, left by plane today to talk economic aid in Moscow.

Badr was accompanied by a Yemenite trade delegation on his first venture behind the Iron Curtain.

The tall prince, still in his 20s, wore the traditional turban, cloak and wispy beard of Yemen as he boarded a special Soviet plane sent to Cairo for him.

The prince has had little experience outside his primitive country and some observers expressed fears he might be an easy mark for the Russians. However, he was accompanied by one of the shrewdest statesmen of the Arab world—Quadi Mohamed el Amri, deputy foreign minister of Yemen. El Amri is considered the most influential man in his country outside the royal family.

Observers also noted that Badr had a conference with Egypt's Premier Gamal Abdel Nasser before he departed.

Yemenite leaders view the excursion to Moscow as another step in their cautious efforts to expand and develop their country's economy without upsetting unduly the conservative pattern of Yemenite life.

Although potentially one of the richest areas in Arabia, Yemen has kept its doors so tightly closed to the outside world that most of its wealth is still untapped.

The kingdom stretches 75,000 miles over the southwest portion of the Arabian Peninsula on the Red Sea. Its 4½ million inhabitants live in a land that has almost no roads. Mail service is still conducted by camel back.

Yemen's ruler Imam Ahmed is interested in developing his country, but his lack of knowledge of the modern world plus his suspicion of foreign intrigues has handicapped any development.

**IT WAS A TOUGH COURSE, BUT SHE WON**—At top left, Nancy Vaught is congratulated by Chief of Police Edgar Neighbors after winning first place in the Jaycee Teen-Age Road-e-o Saturday at the Fairgrounds. At left is William Schien, one of the judges, in the center is Bill Griffith, second place winner, and at far right is James Steele, third place winner. At top right, Nancy negotiates a sharp curve between flagposts, and at bottom left, another contestant has trouble with parallel parking. The two judges watching him are Prosecuting Attorney Harold Barrick, left, and Chief Neighbors. At bottom right, U. L. Howerton, traffic clerk of the police department, tries his own skill at backing a police car's left wheels through a lane of rubber balls 1½ inches apart. (P. S. He hit three out of five balls — a good score in this tough test. The Jaycees gave him a break however, and let him look out the side window, while the contestants could look only through the rear window.) (Democrat-Capital photos)

## Eisenhower Holds Short Conference

WASHINGTON (AP) — President Eisenhower today took another little walk, suffered less pain, and made a start toward resuming the duties of his office.

The doctors said Eisenhower took "walking exercises around 9:30 a.m. on his own initiative."

A 12:15 p.m. medical bulletin said "the President's condition remains excellent," with pulse, blood pressure, temperature and respiration "essentially normal."

It added: "He walked with but little support from his bed to an easy chair which was placed 20 feet from the bed."

"He sat in the chair for 15 minutes and then walked, again with little support, back to bed."

"During these exercises the President had less discomfort than yesterday."

Yesterday — only 30 hours after his emergency surgery of early Saturday morning — the President walked a total of about 30 feet with attendants partly supporting him. Today the only assistance he had was a hand on the elbow.

Mrs. Eisenhower was in the room on both occasions.

Eisenhower conferred for 10 minutes today with his chief assistant, Sherman Adams, and reached several decisions including the designation of Vice President Nixon to represent him at two forthcoming events — the regular National Security Council meeting Thursday and a Blair House luncheon Wednesday for West German Chancellor Adenauer.

## Amateur Radio Group Holds Meeting Here

Over 150 amateur radio operators and their families attended the annual state meeting and picnic of the state association at the Fairgrounds Sunday. The group is made up of operators who are part of an emergency network across the state.

The Central Missouri Radio Amateurs Club was host to the group for the second straight year. Gen. Patterson is president of the local club.

## Defeats Male Competitors— Girl Wins Teen-age Road-e-o Sponsored by Sedalia Jaycees

Nancy Vaught, daughter of W. J. Vaught, Route 5, defied the odds Sunday by defeating her male competitors to win the Jaycee Teen-Age Road-e-o.

Starting off with the highest score on the written test, Nancy went on to chalk up the highest number of points in the driving performance test.

Second and third place were won by Bill Griffith and James E. Steele, respectively. All three winners were students in the Smith-Cotton driver training course.

The event was held at the fairgrounds through the cooperation of the secretary of the Fair, W. H. Ritzenthaler, and was judged by a battery of eight judges. The judges were Bill Schien, representative of the American Trucking Association; Chief of Police Edgar Neighbors; Night Chief Ted Gardner; U. L. Howerton, traffic clerk; Ray Lippard, Triple A representative; Harold Barrick, prosecuting attorney; Charles Vanderrinden, driver training instructor at Smith-Cotton; and K. U. Love, advertising manager of The Sedalia Democrat-Capital.

Contestants were required to negotiate a course that drew comments from spectators as being one of the stiffest they had seen. The road test was divided into four parts. The first was driving in winding movement through an obstacle course and second was driving in a straight line so that the wheels on one side of the car went through an 11½-inch strip bordered by rubber balls. When a ball was knocked off, it counted off on points. Both of these courses had to be driven forward and backward.

The third part was negotiating a sharp curve and stopping with the bumper on a line just around the curve and the fourth part was parallel parking.

The winner, Nancy Vaught, will be taken to Rolla Saturday to represent Sedalia at the State Jaycee Teen-Age Road-e-o. The winner of that contest will be awarded a \$100 Savings Bond and will be flown to Washington, D. C., to compete in the National Teen-Age Road-e-o.

The first, second and third place winners were presented certificates Sunday and the first place winner will be presented a trophy at a later date. They will also be guests of the Jaycees at their regular meeting Thursday night, at which time Bill Schien will be the principal speaker.

The insurgents struck at two points in the federal capital. At the same time they staged uprisings in La Plata, 35 miles southeast of Buenos Aires; Santa Rosa, capital of La Pampa province in central Argentina; and Rosario, 180 miles northwest of Buenos Aires.

Loyalist forces directed by the vice president, Adm. Isaac Rojas, quickly smothered the revolt in Buenos Aires and Rosario. Jet fighter and navy bombers finally smashed rebel holdouts in La Plata and Santa Rosa.

President Pedro Aramburu, who returned from a tour of the interior after the shooting, branded the uprising a "mad adventure."

He vowed that "energetic measures" would be taken against all who took part.

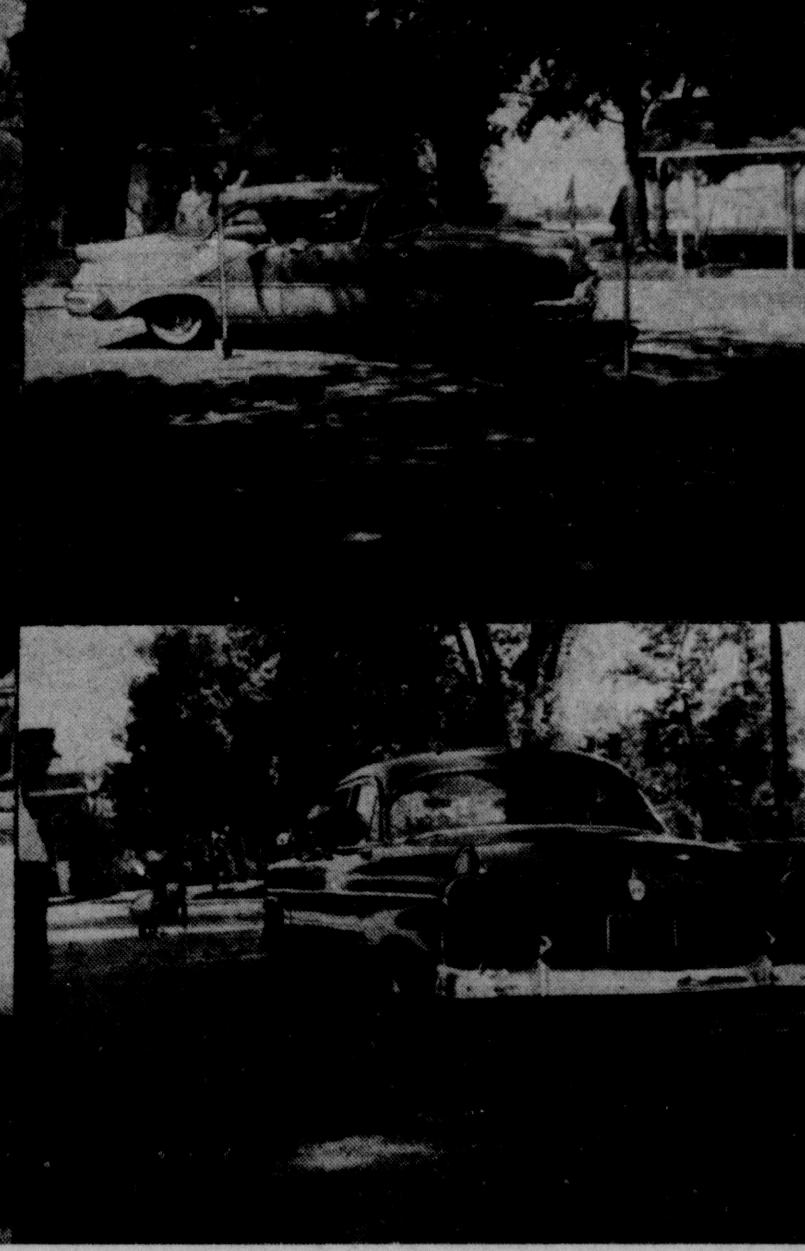

Loyalist forces scoured the land for two retired generals branded as the men who masterminded the abortive revolt. They are generals Raul Tanco and Juan Jose Valle, both big army bosses when Peron was president. Both were retired summarily when Peron was overthrown last fall.

**A. P. Green, Founder Of Brick Company, Dies In St. Louis**

ST. LOUIS (AP) — Allen P. Green, 80-year-old founder of the A. P. Green Fire Brick Co., Mexico, Mo., died here yesterday at the Missouri Baptist Hospital. Green suffered from a heart ailment for some time.

Funeral services will be held Tuesday in Mexico.

Green was a national director of the YMCA and the Boy Scouts, a director of the Mercantile Commerce Bank & Trust Co., of St. Louis, and until recently was a director of the Wabash Railroad.

## Foreign Aid Bill Passed

**Larger Than Last Year's, It Contains Billion Less Than President Requested**

WASHINGTON (AP) — The House today passed and sent to the Senate a \$3,800,000,000 foreign aid bill slashed more than a billion dollars below President Eisenhower's request.

The formal roll call vote confirmed House opposition this election year to an overseas aid program as large as the \$4,900,000,000 Eisenhower said was needed for American and free world security.

But just before final passage, the House refused by a 147-52 standing vote to kill the entire measure by sending it back to committee.

The legislation was reported headed for further trouble in the Senate, where some key senators have said it should be cut even further. It is still \$1,100,000,000 bigger than the appropriation Congress voted last year.

The bill sets terms and ceilings for the program to bolster free world countries against communism in the year starting July 1. The actual funds must be voted in a separate bill later.

Sen. Russell (D-Ga.), chairman of the Senate Appropriations subcommittee handling foreign aid, said the program ought to be chopped another billion dollars in addition to the \$1,104,000,000 cut already tentatively approved by the House.

But Chairman George (D-Ga.) of the Senate Foreign Relations Committee sided with the administration against the House slash in Eisenhower's \$4,900,000,000 request for the year starting July 1. He favored restoring about half a billion dollars. His committee begins closed-door voting on the bill Wednesday.

Sen. H. Alexander Smith (R-N.J.), a senior Republican on the committee, sent a letter to all other senators asking "bipartisan support" for "the leadership of the President in our foreign policy."

As tentatively approved by the House Friday night after three stormy days of floor sessions, the bill provides for a \$3,800,000,000 aid program next year — still \$1,100,000,000 more than Congress appropriated last year.

Its emphasis was on aid to parts of the world other than Europe, and on the use of loans and private enterprise wherever possible instead of outright government gifts.

**Connolly Says Present Not Related to Case**

ST. LOUIS (AP) — Matthew J. Connolly, White House appointments secretary to former President Truman, testified today he received a topcoat from a tax dodger's lawyer but said the "gift had nothing to do with any case."

Connolly testified he got the coat from Harry I. Schwimmer, an attorney, while he was at the Muehlebach Hotel in Kansas City the day before the presidential election in November, 1952.

The former aid said "everything was confused and people were streaming in and out of Truman's headquarters" at the hotel.

"Schwimmer's gift had nothing to do with any case," Connolly testified. "Sachs meant nothing to me."

His reference was to Irving Sachs, St. Louis shoe manufacturer who was represented by Schwimmer.

Connolly also testified that the White House staff was "deluged with gifts," saying it was "embarrassing to accept them" in many instances.

Connolly and T. Lamar Caudle, former head of the Justice Department's tax division, are accused of conspiring to defraud the government by sidetracking criminal prosecution of Sachs.

**Japanese Official Sends Message to Ike**

TOKYO (AP) — Prime Minister Ichiro Hatoyama sent a cable to President Eisenhower today saying the "Japanese government and the people pray for your speedy recovery and your early return to the affairs of state."

## Supreme Court Upholds Trials For Civilians

**Those With Armed Forces Overseas Are Subject to Military**

WASHINGTON (AP) — The Supreme Court today upheld military trials for civilians who accompany the armed forces overseas.

Today's rulings applied specifically to two wives who killed their husbands overseas, were court-martialed abroad and were sentenced to life imprisonment.

Justice Clark delivered separate opinions in the two cases. Chief Justice Warren wrote a dissenting opinion joined by Justices Douglas and Black. Justice Frankfurter did not vote either way.

Others in the 5-3 majority were Justices Reed, Burton, Minton and Harlan.

One of the cases decided today was that of Mrs. Dorothy Krueger Smith, who was convicted by court-martial in Tokyo, Japan, for killing her husband, Army Col. Aubrey D. Smith, 45.

Mrs. Smith was accused of plunging a knife into Col. Smith on Oct. 4, 1952, as he slept in their Tokyo home. She is the daughter of a famed World War II commander in the Pacific, Gen. Walter Krueger, now retired.

The other case was that of Mrs. Clarice B. Covert. She was convicted by an Air Force court-martial in England for the ax murder of her husband, Sgt. Edward E. Covert.

## Undersecretary Says Agricultural Head Renamed Without OK

WASHINGTON (AP) — Undersecretary of Agriculture True D. Morse testified today the chairman of the Missouri Agricultural Stabilization and Conservation Committee was reappointed some months ago although the Washington administrators of the program did not recommend him.

Morse's statement to a Senate Agriculture subcommittee came after Earl M. Hughes, administrator, Commerce Department, told senators they did not recommend reappointment of Murray C. Colbert.

**Shift Into High**

We've been fortunate in having such a long, cool approach to summer, but now the weatherman says we can expect it to start warming up.

Generally fair and continued warm tonight and Tuesday; low tonight 63; high Tuesday 93.

The temperature at 7 a.m. was 72, 90 at 1 p.m. and 92 at 2 p.m. Low Sunday night 64.

The temperature one year ago today, high 65, low 50, with .67 inch of rain; two years ago, high 93, low 67; and three years ago, high 99, low 75.

## Scene of Sudden Ruin and Tragedy

**PATH OF JET CRASH** — Row of blackened, ruined homes remain in Minneapolis after firemen halted flames following a jet plane crash June 9. To left of vacant spot, where John D. Garies home stood, is the Roy E. Uhl home, badly damaged. To the right, in order, Donald P. DeWolfe home, its front sliced off before fire; Vincent A. Kieffer home, a charred shell, and James C. Wolf home, badly damaged. The Garies and two of their three children died; DeWolfe's 5-year-old daughter sitting in their living room was killed. Three Kieffer children were critically burned. Two Wolff children suffered lesser hurts. (AP Wirephoto)

## OBITUARIES

## ABWA Group In Demonstration On Arrangements

The members of the American Business Women's Association were shown how to arrange flowers for a dinner party by Mrs. Browne Y. Edelen, at their regular dinner meeting at Hotel Bothwell June 5.

Mrs. Edelen, who made the arrangements as she talked, told first of arranging flowers for three important things: to create a change in the decorating plan of a room; to accent a new season or particular mood; and for a feeling for festive or quiet atmosphere. Every element including background, container and flowers should be selected carefully for harmony in character, scale, color and texture, said Mrs. Edelen.

The arrangements she made included one of white lilies, green lily leaves and a background of snake cactus in a tall white container for a table in an entrance hall. For the mantel, Mrs. Edelen made an arrangement of bronze August Lillies with a background of wild dock in a low gray-green container. Next was a crescent shaped arrangement of red sweet williams and juniper in a container of black and green for the coffee table.

The arrangement for the dinner table had a most unusual background, the top of a carrot that had been left in the ground since last year. It was combined with light pink bachelor buttons and darker pink poppies in a low pink container, and made one of the prettiest arrangements.

The last arrangement was for the guest room and was made of red violet sweet rocket and purple cantebury bells with a background of iris leaves in a low container of green. Mrs. Edelen had grown all of the flowers in her own garden.

The business meeting was held at the conclusion of the demonstrations. Miss Margaret Bohon, president, presided, the regular reports were given by the various committee chairmen. The group's "Woman of the Year" will be selected at the next regular meeting.

Miss Judith Blythin was a special guest of Miss Bohon and spoke briefly on her visit here in Sedalia, thanking the group for their part in helping make her visit possible.

The speaker's table was decorated with a basket of red single carnations and multicolored sweet peas. The long table where the members were seated had a row of white carnations, the ABWA flower. The invocation was by Anna Margaret Wingfield and the benediction by Emma Kraft.

## W. C. Thierfelder Sr., Rites

The body of Lt. Bruce T. Bathurst, 30, Kansas City, killed about 3:30 p.m. Saturday in the crash of a Navy F9F Cougar single engine plane 3½ miles southeast of Whiteman Air Force Base, was taken from the Gillespie Funeral Home to the Newcomer Chapel, Kansas City.

The young pilot, on a training mission when the plane crashed, was a member of St. Andrew's Episcopal Church, Kansas City, and was active in Junior Chamber of Commerce at that city.

A memorial service will be held for him at 4 p.m. Tuesday at the Newcomer Chapel.

W. C. Thierfelder Sr., Rites

With the Rev. Armin Klemme, pastor of the Evangelical and Reformed Church officiating, funeral services were held at 2 p.m. Monday at the Gillespie Funeral Home for William C. Thierfelder of the Beaman community who died Friday at Bothwell Hospital.

Russell Maag sang "Rock of Ages" and "Beyond the Sunset" with Mrs. Del Heckart at the organ. Burial was in Crown Hill Cemetery.

James Madison Mahlin Services

Funeral services for James Madison Mahlin, who died at 509 West Third Wednesday, were held at 10 a.m. Monday at the McLaughlin Funeral Chapel, the Rev. Leonard Reifel, pastor of the Federated Church, officiating. Miss Mabel DeWitt played organ music.

Burial was in Knob Noster cemetery.

## New Drugstore Opens In Smithton Today

A new Rexall drug store was opened Monday in Smithton by Earl A. Watkins, Jr. A formal opening is planned in about two weeks.

Mr. Watkins comes to Smithton from Clinton where he has operated a drug store for the last ten years. The Watkins family is originally from St. Louis and Mr. Watkins has been associated with the drug business for approximately 20 years.

The dispensary of the Halzen-Seigel Clinic has been purchased by Watkins and will be incorporated in the new store.

While in Clinton, Watkins served as president of the Clinton Chamber of Commerce and he is a member of the Missouri Pharmaceutical Association and the National Association of Retail Drug-gists.

The Watkins have two children, a daughter, Carolyn, and a son, John. At the present, the family is residing in Sedalia but plan to build in Smithton.

chusetts to go to dinner in. The car is the property of Sgt. Richard R. Pike, Whiteman AFB, who had the car at the motor company for repairs.

Pearson told Officer R. A. Simons that he was preparing to back into a driveway and was going about 20 or 25 miles per hour and lost control of the automobile. The car first struck the hedge of Walter Crump, 216 West Pettis, and ran over and wrecked two lawn chairs.

The car kept going and hit the residence of Penelope Bell, 218 West Pettis, striking the southeast corner of the house. The bumper knocked off some siding and protruded into the front room. The impact was so great it knocked over chairs, a table lamp and knocked phonograph records over the floor.

Damage to the residence, furniture and other belongings in the Bell residence was estimated at several hundred dollars.

The left rear and back end of the Ford were extensively damaged.

Pearson is being held in the city jail for investigation of car theft and destruction of property.

# Sara E. Sparks, Charles Lynch Marry in Ohio

Miss Sara Elizabeth Sparks, the daughter of Mrs. Alice Sparks, Carey, Ohio, became the bride of Charles Lynch, Norfolk, Va., son of Dr. and Mrs. H. B. Lynch, Lincoln, at 2:30 the afternoon of May 27 in the First Methodist Church, Carey, with the Rev. Richard L. Hughes officiating.

Mrs. Wilford Shurman played traditional wedding music on the organ. Miss Shirley Wisner sang "Oh Promise Me," "I Love You Truly," and "The Lord's Prayer."

The bride, given in marriage by her brother-in-law, Stan Sprague, wore a white ballerin length gown with lace bodice, short sleeved jacket, and ruffled tiers to the hemline. She carried a bouquet of white roses and lily of the valley. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Miss Phyllis Beckley, wearing a lavender gown with a ruffled nylon net overskirt and a corsage of white carnations, was mid of honor.

Fred Lynch served his brother as best man.

The mother of the bride wore a wedgewood blue dress with a red rosebud corsage. The mother of the bridegroom, who attended with her husband, wore a powder blue nylon print dress with red rosebud corsage.

A reception was held immediately after the wedding in the church social hall.

For traveling in Missouri, Tennessee, the Smoky Mountains and Virginia, the bride chose a blue linen suit with a white rose corsage from the bouquet.

The bride is a graduate of Carey High School, class of 1956, and was a member of the National Honor Society.

The bridegroom is a graduate of Lincoln High School and attended Central Missouri State College before entering the Navy in September 1951. He is now stationed at Norfolk, Va., with the rank of Petty Officer 1st Class. The couple will live in Norfolk after June 9.

# There Are Several Reasons For June Being Dairy Month

## Proper Diet Will Provide Better Health

By O. E. ALLEN  
MU Extension Dairy Marketing Specialist

Because June is traditionally a peak month of milk production, the dairy industry has chosen this month to sponsor and promote the use of dairy products. Of course, our bodies need dairy products every day of the year, not just during June.

We all need at least three glasses of milk or its equivalent every day. Some age groups need more:

Children need three to four glasses.

Teenagers need four to six glasses.

Adults need two to four glasses. Expectant mothers need four or more glasses.

Nursing mothers need six glasses or more.

Our health is a very important matter for all of us and proper diets have a lot to do with health and happiness. Milk and dairy products contain many essential nutrients and are our cheapest source of minerals, especially calcium. It's difficult to get enough calcium from any other food. And since calcium is so essential to growth and health of teeth and bones, it is important to have an adequate supply at all times and at all ages.

In addition to calcium, protein and riboflavin are plentiful in dairy products. Four glasses of milk will provide half of our protein needs for one day and 93 per cent of our riboflavin needs.

Other dairy products furnish these nutrients too, so cheese, ice cream, dried milk, etc. will furnish part of our needs if we use them in our daily diets.

June Dairy Month is important to all of us because it can help us take inventory of what our eating habits are. It's hoped that a full month of education during June will impress us with the importance of dairy products in our daily diet and that we will realize our daily diet needs. By so doing we will improve our health.

## Shorn Wool Payments Will Have Variation

The incentive payments to be made for shorn wool sold during the 1955 marketing year which ended on March 31 will have a wide variation in cents per pound between producers, according to information received by C. A. Staples, chairman of the Pettis County Agricultural Stabilization and Conservation Committee.

Prices received by producers for wool during the first ten months of the marketing year averaged 44 cents a pound, grease basis. If this ten month average holds for the entire marketing year, payments to wool producers will be at the rate of about 40 per cent of the net price they received for their wool, the 40 per cent being the percentage needed to bring the national average return to 62 cents a pound.

Since the payment will be based on a national average percentage of the price at which the wool is sold, those who sold for the higher prices will receive the larger payments. Thus, based on a 40 per cent average payment, a wool producer who sold his wool for 36 cents a pound would get a payment of 14.4 cents a pound. Another producer who sold his wool for 46 cents, would get a payment of 18.4 cents a pound.

# Gardens Show Progress Over Most of State

By ARTHUR E. GAUS  
MU Extension Horticulturist

Gardens in general look fairly good over the state. There are a few areas in the state where insufficient moisture has hampered growth and there are a few areas where an excess of moisture has made it difficult to get all the gardening chores accomplished. By and large, gardens are coming along very rapidly despite the unfavorable early season.

Coming along with our gardens are weeds and insects. These two garden intruders are always with us. We must learn to cope with them. In many gardens, weeds really become a chore. If we get into the garden after each rain or after each irrigation and cultivate between the rows with a garden tractor, farm tractor, roto hoe, wheelhoe, or similar implement, and then pick up the weeds in the row with a small, sharp hoe, our weed problem will be a minor one indeed.

But if we neglect to keep up with the weeds when they are small, they soon overtake the growth of our vegetables and then we have difficulty. It then becomes quite a chore, to weed a garden. So keep up with the weeds — don't let them keep you up!

Insects are apparently pretty hungry this year so you better keep a close watch for them. Those seen so far in gardens include radish flea beetle, spinach flea beetle, asparagus beetle, cabbage worm, cabbage curculio, aphids, 12-spotted cucumber beetle, striped cucumber beetle, leaf hoppers, cutworms, Colorado potato beetle, tarnished plant bug, and the bean leaf beetle. Undoubtedly there were others.

Most of these insects can be controlled by a weekly spraying or dusting of methoxychlor or malathion. Follow directions on container for amounts to use or contact your county extension agent for this information. Some folks pick out one day in the week in which they spray the garden. Whether this be Tuesday, Thursday, or Saturday doesn't make much difference as long as it is regular. This is the best way to keep up with the bugs.

Just one caution: Do not spray methoxychlor or malathion on vegetables you expect to harvest within one week. It takes this long for the material to break down so that there isn't a residue remaining on the vegetables. It is also a good habit to thoroughly wash all vegetables before eating or processing.

Diseases might also crop up on some of our vegetables, particularly potatoes and tomatoes, so

It was a day well spent and I hope more local folks can attend as the years pass. The Civic Clubs supplied buses for a large group from Cass county while the lime and fertilizer dealers sent one from Morgan county.

Some of the interesting things seen included the alfalfa variety plots, the newer varieties of small grains and the chemical methods of weed control especially on soybeans.

From Farmer to Consumer—

## Returns in Marketing Hogs Depend on Several Factors

By J. W. Reynolds, MU Extension Livestock Marketing Specialist

A topic that has received much discussion in recent months is the cost of changing a hog into pork chops and ham. This is called the price spread between what the farmer gets and what the meat consumer pays.

Returns and margins from marketing of hogs and pork can vary widely. There would be differences in marketing channels used, location, time of marketing, and other factors. In most any example used, if the farmer had marketed his hogs two weeks earlier or two weeks later, his returns might be quite different.

For example, the most rapid drop in hog prices ever recorded in the United States for any six month period took place from June to December, 1955.

The average price of barrows and gilts at Chicago in June was \$13.59 per hundred pounds and in December it was \$10.73 — a difference of about \$9 for the two months.

One of the major causes of this price decline was the tremendous increase in hog marketing at the same time of other large livestock marketings. There also appears to be a weaker demand for pork as hog prices have been much more sensitive to increased marketings

it might be a good idea to put a fungicide right in with your weekly spray for the insects. The best material for the control of most of the foliage diseases of vegetables is Zineb. If this material is not available locally you might be able to find a material called Captain. Either Zineb or Captain can be combined with methoxychlor and malathion in the same spray tank. Those crops most likely to need a fungicide spray include, in addition to tomatoes and potatoes mentioned previously, all the vine crops, green beans, peppers, and eggplants.

Don't let weeds, bugs, and disease strike you out in your garden program. Hit at them early and often and you should get by with a minimum of difficulty.

## Choice of Gilts Is Important To Good Litters

One of the steps in keeping a good producing strain of sows on your farm is to select your best gilts for replacement. Bill Pugh, extension livestock specialist at the University of Missouri, says these replacement gilts should come from good litters, both as to size and doing ability.

This type of selection requires a system of identification. Ear notching is used on many commercial farms in Missouri as a means of positive identification. All pigs are ear notched so that when gilt selection time comes, the sows and pigs can be matched.

When selecting these replacement gilts, it helps to know about the suckling and production ability of the sows. And Pugh says this can best be determined by weighing litters at 56 days of age. Replacement gilts should be kept from litters of eight or more pigs weaned. Those eight or more pigs should weigh a total of 300 to 400 pounds at 56 days if the sows are good sucklers.

The demand for a meat-type hog is another factor that must be considered in selecting replacement gilts. Look for length of body, evidence of natural muscling as shown by thick, deep hams and loins, and for freedom from excess fat.

Pugh says that probing to measure backfat thickness will help find those gilts that would tend to produce meatier pigs when mated to a meaty boar. The probing can be done when the gilts weigh 180 to 200 pounds. A good goal is to keep only those gilts that had 1 1/4 inches of backfat or less when they weighed 200 pounds at about six months of age.

But, returns to the producer declined during the same year from 40 cents a pound to 24 cents. Using percentage figures, the producer's part decreased 12.7 per cent; packer's and wholesaler's share increased 8 per cent; the retailer's returns increased 3.6 per cent.

In other words, with a normal seasonal increase in price spreads, the price of live hogs at Chicago would not have gone below \$12 or \$12.50 per hundredweight. Saying it another way, the drop in hog prices between 1954 and 1955 was about 50 per cent greater than would usually be expected with a 12 per cent increase in marketings.

As an example, an Iowa farmer shipped his 230 pound butchers to a packing plant at Waterloo, Ia., in March 1954 and March 1955. The 127 pounds of cuts were sold to a retailer in New York City where they were sold to consumers for \$72.30 at an average of 58.3 cents per pound in March, 1954. In 1955, the same retail cuts would have sold for \$53.23 or an average price of 42.9 cents a pound. Total marketing costs in this example increased slightly in the year from 18.2 cents to 18.9 cents per pound.

# A's Win Over St. Louis Negro Stars With Score of 20 to 5

## Schumaker Hits 2 Homers in 6th To Lead Locals

The Sedalia Athletics exploded for 13 hits Sunday afternoon to crush the disappointing St. Louis Negro Stars, 20 to 5 at Liberty Park.

Nearly 400 paying customers, the largest crowd of the season, witnessed the slaughter which was paced by Athletic catcher "Salty" Schumaker.

The right-handed swinging receiver staged a genuine, old-fashioned slugging exhibition in the A's eleven-run sixth inning by clouting consecutive home runs. During the wild frame the Sedalians sent 15 batters to the plate. Schumaker, the fourth hitter in the inning drove a fast ball over the left field barrier, some 325-feet away.

The locals batted around again during the frame and Schumaker, as the 13th batsman, sent another pitch sailing out of the park. Schumaker's feat of two circuit smashes in one frame is believed to be a new standard at Liberty Park.

The Stars opened the game in fine fashion by scoring in the top of the first on a walk, a hit and a stolen base, but the A's came back in their half of the first to take a 2-1 lead.

"Bones" Morgan started the Athletic attack in the first with a liner to left. Dey drew four straight balls and Fall loaded the bases as the pitcher failed to field his sacrifice cleanly. Morgan scored on Schumaker's bouncer to third. Dey scored on another roller to the third baseman and Fall came in with the third tally on "Sonny" Thomas' shot to left.

After that the A's were never troubled by the outclassed St. Louis club. In the second inning the locals added two tallies and they picked up another marker in the fourth. Then came the sixth. In scoring eleven runs, the A's collected only six hits, but drew three walks and three St. Louis errors. Schumaker's home runs, which were his third and fourth of the season, came with two mates aboard the first time and one the second, which gave him a total of seven RBIs for the afternoon.

"Skip" Schulz went the distance for Manager "Buddy" Thomas' A's. Although touched for ten hits, Schulz was generally effective. He fanned seven and walked only three. It was Schulz' first start since joining the club.

Three St. Louis hurlers attempted to stem the Athletic attack but none were effective. However, seven teammate errors kept the visiting hurlers in hot water throughout the contest.

## DeMarco, Martinez Meet in Welterweight Bout Saturday Night

By THE ASSOCIATED PRESS  
Tony DeMarco of Boston and Vince Martinez of Paterson, N.J., two of the hardest hitters in the welterweight division, meet head-on in a Boston 10-rounder that should produce plenty of fireworks Saturday night.

DeMarco, 24, who lost his crown to Carmen Basilio who lost it back to Johnny Saxton, has flattened 27 opponents in posting a 43-6-1 record. Martinez, 27, winner of 21 straight, has stopped 25 opponents. Vince's record is 49-3.

The bout will not be televised. There will be a lot of action tonight when Mexico's Gaspar Ortega and Gene Poirier, Niagara Falls, N.Y., collide in a middleweight 10-rounder at New York's St. Nicholas Arena. Both are free-swingers with little aptitude for defense.

## Hamm's Beer Defeats Emma Team 15 to 3

Hamm's Beer softball team tramped Emma in a game at Emma Sunday night by a score of 15 to 3. Homan, pitching for Hamm's, held the Emma team to seven hits.

Fifteen runs were scored on 14 hits by the Hamm's team and three errors were committed. Hamm's will play the Moose Club in a regular industrial league game at 9 o'clock tonight in Housel Park.

## Lane Scoffs At Theory Of Old Jinx

ST. LOUIS (AP)—Trading wizard Frank Lane scoffs at the idea he's lost his touch because former St. Louis Cardinal players have come back to haunt the Redbirds.

The energetic general manager, conceding the growing legion of onetime Cardinals has given the club trouble, declared last night:

"I'll stand on my record so far this year. We're tied for first place now. At this time last year we were 17½ games out, tied for fifth."

"I'm not concerned with the players we've given up, but rather with the men we received."

"The St. Louis fans don't think I've lost my touch. We had this season's record crowd Sunday, 28,129, and (Herman) Wehmeier (obtained from Philadelphia in one big trade) got a big victory for us. The fans are all steamed up . . ."

But the Redbird fans, some of the most loyal in baseball, did grumble when their club fell before ex-Cardinals.

Luis Arroyo, stubby Latin left-hander, dealt them an 11-3 defeat in the first game yesterday and Bill Virdon's seventh-inning homer broke a 3-3 tie.

Harvey Haddix and Stu Miller, traded to Philadelphia for Murry Dickson and Wehmeier, both defeated the Cardinals here to help the Phillies take three games of a four-game set.

Brooks Lawrence, big right-hander, who was traded to Cincinnati for left-hander Jackie Collum, has become the big man of the Redleg staff.

But Lane declared: "We're not suffering."

He points out Haddix lost to the Cardinals once and Arroyo hasn't been outstanding in other outings. Virdon, he asserted hasn't hit as well for the Pirates over-all as Bobby del Greco, sent here with left-hander Dick Littlefield in another transaction.

## World Famous Michigan Club Here Wednesday

The world famous bearded Israelite House of David baseball team, playing out of Benton Harbor, Mich., will appear in Sedalia Wednesday night for a single game against the Athletics.

Now managed by George Anderson, the original "Pepper Game" artist, the Davids are in their 37th year as a globe traveling baseball organization. During that span of years they have become the oldest independent baseball team in the United States.

Baseball fans in every state of the USA, all the provinces of Canada, old Mexico and the Hawaiian Islands have watched the Michigan religious-cult-sponsored club in action numerous times. In 1951 the Davids played in Alaska and at spots throughout the Orient as they added new areas to their baseball travel map.

Sedalia baseball fans last saw the fine entertainment which the House of David club provides in 1948 when the Athletics scored a surprising upset. However, it isn't often that the Michigan club loses. Averaging 150 games per season for the last 36 years, the team has chalked up an impressive winning percentage of .738.

Although the Davids play it straight in attempting to win every contest, they're always ready to reach into their big bag of tricks and pull clowning stunts, deluxe to provide added laughs and entertainment.

Manager Anderson, who has been with the House of David Club since 1928, again will put on his famous "Pepper Game" act during the fifth inning. Now 25 years old, the "Pepper Game" still finds great favor with the fans. Anderson's ball handling magic is without compare and the three other teammates taking part in the game find it difficult to keep an eye "here again, gone again" pelt.

## Babe Ruth Games Tonight; Meeting On Tuesday Night

Tonight at Liberty Park two Babe Ruth games are to be played, the first starting at 6:30 o'clock.

The first game between Phillips 66 and Taystee and the second between Mullins and Andersons.

Tuesday night an open meeting is to be held at the Elks Club starting at 7:30 p.m. for those interested in Babe Ruth baseball. At this meeting plans for the state tournament will be discussed by Ed Kehde, commissioner.

Parents interested in Babe Ruth ball are urged to be present along with the league officers, managers and coaches. A round table discussion will be held over the league for the benefit of the parents.

## Dave Sime Sets 220 Dash Record; More Records Predicted

SANGER, Calif. (AP)—More world records and a great future were predicted today for Dave Sime, Duke's sensational "fastest human", as he pointed toward the first of the Olympic qualifying events—the NCAA championships.

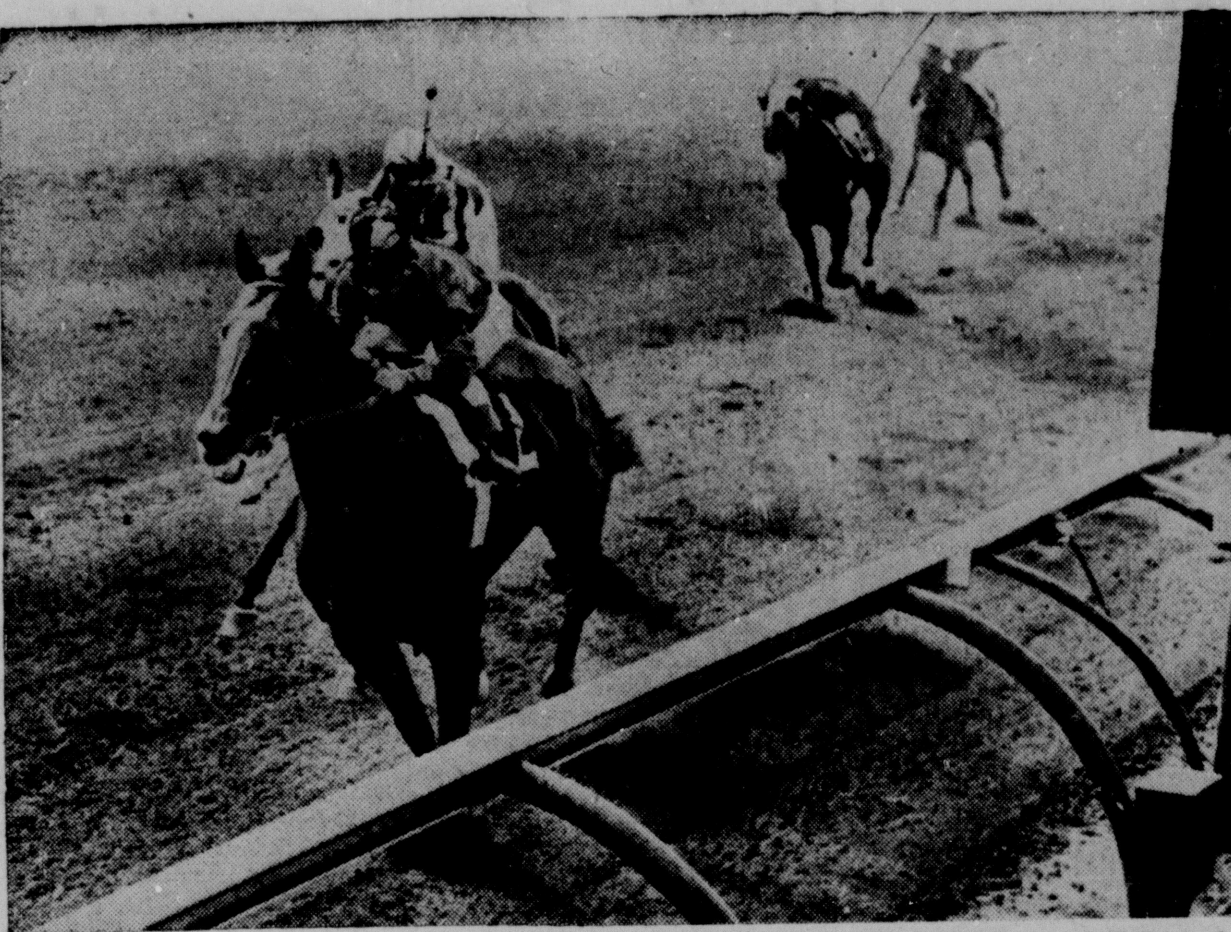

The 19-year-old sophomore set a new world mark in the 220-yard dash and tied the 100 standard for the second time Saturday night.

Sime will face the finest collegiate talent in the nation this weekend at Berkeley, Calif.

"I don't think Dave is anywhere near his peak," Red Lewis, Sime's coach, said after Sime had run the 220 in 20 seconds flat—two tenths better than the existing record—and the century in .09.3. "I think he has unlimited possibilities and I honestly can't say how fast he might run."

The world's record of 30.4 was established by Yuriy Lityuev of Russia in 1953. The best American time is 50.6 by Glen Hardin Bill Nieder of Kansas heaved the shot 57 feet 11 inches to better the record of 54 2½ he made last year.

Kansas romped to the team championship with eight first places and 73 points.

SWAPS SETS NEW RECORD — Thundering to a new record for the mile in 1:33 1-5 at Hollywood Park in Inglewood, Calif., Swaps (2) (on rail) with Willie Shoemaker up, crosses the finish line to win the \$50,000 added Argonaut handicap. Bobby Brocato, ridden by Johnny Longden, pressed him all the way and came in second (outside). Porterhouse, several lengths back, was third. Swaps beat the record held by Citation of 1:33 3-5 made in 1950 at Golden Gate Fields. (AP Wirephoto)

## Musial, Wehmeier Have Good Day Sunday Against Pirates

By JOE REICHLER  
The Associated Press

If Stan Musial would hit every day as he does on Sundays and if Herm Wehmeier could pitch against every club as he does against Pittsburgh, the St. Louis Cardinals would be a cinch to win the National League pennant.

Yesterday Musial cracked four hits, including a home run and a double, and drove in four runs as the Cardinals earned a split with Pittsburgh that cut Cincinnati's first-place margin to 3 percentage points.

Wehmeier, who hasn't been able to beat anybody else all year, shut out the Pirates 3-0 with six hits after they had won the opener 11-3. It was his second victory of the season, both over the Pirates, over whom he holds a lifetime record of 25-8.

Musial, a .320 Sunday hitter — 20 points better than his weekday average — has hit half his eight homers and has driven in a third of his 42 runs on Sundays.

Five National League teams are so closely bunched today a pennant would cover them all. Brooklyn, in fifth place, moved to within two games of the top by defeating Cincinnati 8-6. Pittsburgh, in first place for a couple of hours after its opening triumph, dropped into third place, a half game behind Cincinnati and St. Louis.

The New York Giants came from behind to nip the fourth-place Braves 5-3, leaving them still two games off the pace, only 7 points in front of the Dodgers. The Chicago Cubs buried the Philadelphia Phillies deeper in the basement, sweeping both ends of a double-header, 2-1 in 11 innings and 5-2.

The New York Yankees salvaged the finale of their three-

## Ohio State Man Sets New Collegiate Mark For 400 Meter Race

MILWAUKEE (AP)—Glen Davis of Ohio State looms as a strong candidate for Olympic team membership on the strength of fine performances in winning the 400-meter and 220 low hurdles Saturday night at the Central Collegiate Conference track meet.

Davis captured the 400 meter hurdles in the new collegiate record time of 50.8 seconds, the best of the year anywhere. He tied the Olympic standard set by Charles Moore of Cornell in 1952 and erased the collegiate mark of 51.7 held by Bob Devinney of Kansas since 1952.

The world's record of 50.4 was established by Yuriy Lityuev of Russia in 1953. The best American time is 50.6 by Glen Hardin Bill Nieder of Kansas heaved the shot 57 feet 11 inches to better the record of 54 2½ he made last year.

Kansas romped to the team championship with eight first places and 73 points.

## Mangrum Sees Gene Littler Winning Open

By THE ASSOCIATED PRESS

NEW ROCHELLE, N.Y. (AP)—After the fourth round of the Round Robin Golf Tournament, Lloyd Mangrum looked at Gene Littler, who had just beaten him, and remarked:

"I've got to go with you for the Open. I picked Cary Middlecoff, but you're playing well and you've got things going for you. You're playing in luck."

Mangrum reiterated that idea after Littler had won the \$3,000 top money yesterday in a 24-point runaway. Littler shyly asserted that he feels "pretty good" about his prospects in the Open, which starts Thursday at Rochester's Oak Hill club.

It was Littler's second big check in two weeks. He collected \$5,778.50 for a second-place tie in the Texas International after losing a playoff to Australia's Peter Thomson.

"I blew that one," he said emphatically. Leading all the way after the second round over the par-72 Wykagyl course, Littler shot 69-69-68-68-70 for a 344 medal score. He hit a near record total of plus 55 points in the round robin scoring system, which awards points for each stroke by which a player beats the others in his foursome.

Nearest to him was Ted Kroll, Fort Lauderdale, Fla., who trailed by only two strokes in scoring but two gathered only 31 points. Kroll's bid was thwarted largely by lanky Art Wall of Pocono Manor, Pa., who fired a 69 against Kroll's 71 on the last round. Dow Finsterwald of Bedford Heights, Ohio, plus 27; Jackie Burke, the Masters champion from Houston, plus 13; and Billy Maxwell of Odessa, Tex., plus 11, were the other point leaders.

Meanwhile, Omaha snapped Indianapolis' last four game winning streak with 5-1 and 8-3 triumphs before 5,330 fans, the largest crowd of the Indianapolis home season. The second game was called after six innings to permit the Cardinals to catch a plane for Charleston, and snuffed out any Indianapolis plans for a late-inning rally.

Timely extra base blows scooted Charleston past Minneapolis 5-2 and league-leading Denver snapped its three-game losing streak at Wichita to notch a 9-3 win. The victory and the double Indianapolis loss allowed the Bears to lengthen their lead to 4½ games over the pressing Indians.

Big Mark Freeman, rangy righthander, helped Denver salvage the final game of the Wichita series by tight pitching in the pinches. The triumph broke a four-game Wichita win skein. The Bears took a 6-0 lead after two innings and despite four errors and five walks, which gave Wichita chances in almost every inning, easily salted away the contest.

## Enos Remains Best Remedy For Athletics

By THE ASSOCIATED PRESS

Ageless Enos Slaughter remains the best hope of the Kansas City Athletics to escape the American League basement.

The forty year old fountain of youth slammed a pinch-hit double to ignite a three-run rally in the sixth which gave the A's a 7-3 victory over the Baltimore Orioles yesterday at Baltimore, ending a five-game Kansas City losing streak.

It seems all big Herm Wehmeier has to do for a victory over the Pittsburgh Pirates is toss his glove out on the mound.

The St. Louis Cardinal right-hander shutout the Pirates 3-0 with a six-hit Sunday to drop them into third place and pull the Redbirds into a virtual first place tie with Cincinnati. Pittsburgh behind ex-Cardinal Luis Arroyo won the first game, 11-3.

Wehmeier now has a 25-8 lifetime record against Pittsburgh. He's 2-0 against them this season and 0-5 in other games.

The season's largest crowd in St. Louis, 28,129, watched veteran star Stan Musial add 11 points to his average—it's .306 now—with four hits in seven trips and four runs batted in for the two games.

Musial's three-run homer, his eighth of the season, accounted for all the runs off Arroyo, a stubby lefthander, in the opener. Another former Redbird, Bill Virdon, homered to break a 3-3 tie in the seventh and hand starter Willard Schmidt his third defeat.

Then the Pirates unloaded seven runs in the ninth to settle the issue.

Grady Hatten tripled, Musial doubled and Hank Sauer singled for a two-run fourth inning against Ron Kline, giving Wehmeier all the cushion he needed.

The 6-foot 3-inch former Philadelphia pitcher scattered six hits over five innings and mastered the Pirates all the way. He makes a habit of it when Pittsburgh is the other club.

Slaughter's double scored relief pitcher Art Ditmar. Two more runs scored on a sacrifice fly by Jim Finigan and a single by Tim Thompson.

Ditmar was the winner with a one-hit job the last five and one-third innings, evening his season record at 5-5.

Billy Loes, sore-armed pitcher purchased from the Brooklyn Dodgers, threw his first pitch for the Orioles in the ninth and Thompson smashed it against the right field wall for a triple. Johnny Groth's sacrifice fly scored Thompson.

## Ohio Basketball Star Loses Part of Fingers In Chopping Accident

CINCINNATI (AP)—Robin Freeman, phenomenal Ohio State basketball guard, lost parts of the middle and index fingers on his left hand in a woodchopping accident yesterday.

The slender guard, whose "miracle hands" helped him break a flock of scoring records, underwent surgery at Good Samaritan Hospital here after the accident. Hospital aides said he was in good condition.

Freeman, 21 and only five feet, 11 inches tall, pumped in an average of 32.5 per game.

## Hal Boyle's Column— Levinson Writes Book Aimed At 26 Million Overweights

By HAL BOYLE  
NEW YORK (AP)—There are at least 26 million overweight Americans, and Leonard Louis Levinson has just written a book dedicated to them all.  
His dedication reads:  
"To the thin person, inside every fat person, fighting to get out."  
A reformed fatty himself, this repentant sinner is the Dr. Jekyll and Mr. Hyde of the diet field.  
For most of his life Levinson, now 52, never counted his calories and preferred to take them rather than leave them alone.  
He was a highly successful writer of film scripts, stage skits and radio shows. He wrote for Fibber McGee and Molly and many another entertainment headliner.  
Then he was commissioned to write "The Brown Derby Cookbook," to celebrate the sophisticated cuisine of the Hollywood restaurant he patronized himself.  
"In preparing that book," he recalled, "I tasted about 1,500 dishes they had in a card file as well as all those they had in the menu. For example, they had 23 different ways of preparing lamb kidneys—imagine that!—and I tried them all."  
"The recipes weren't for people worried about putting on weight. Most of them started off—'Take a half pound of butter. Or a pint of rich cream and...'"  
Levinson who wore a great brown walrus mustache when he started the project, resembled a walrus in other ways when it was finished. He was round, uniform and fully packed. He was also short of breath and uncomfortable.

## College Roommate Brings Continuing Excitement of Honor

MRTLE BEACH, S.C. (AP)—Marian McKnight of Manning, a 5-5 blue-eyed blonde, was chosen Miss South Carolina in a beauty contest, succeeding her college roommate, Martha Dean Chestnut of Conway. Miss Chestnut was skeptical about being out of the hurly-burly of having been Miss South Carolina for a year. "Out of it!" she exclaimed, looking at her roommate at Coker College in Hartsville, "I'm in it for another year."

## Brunkhorst Receives Doctors Degree

Glenn "Bob" Brunkhorst, Otterville, received his Doctor of Dental Surgery degree at commencement exercises of the University of Kansas City June 3.  
Charles Brunkhorst, Mr. and Mrs. Dennis Brunkhorst, Florence; Mr. and Mrs. Ralph Lewis and daughter, Smithton, and Mr. and Mrs. A. Mendenhall, Otterville, attended.

## Family Gets Degree Every 25 Years

WILLIAMSBURG, Va. (AP)—The J. Nimmo Hubbards don't necessarily plan it that way, but every 25 years since the turn of the century, one of 'em has won a degree at the College of William and Mary. Grandpa—James Nimmo Hubbard—was graduated at W&M in 1906. Papa—James Nimmo Hubbard Jr.—took his degree here in 1931. Now the latest in the line, James Nimmo Hubbard III, has stepped up to receive his diploma at the college's 1956 graduation exercises.

## State Traffic Toll Shows Another Rise

Traffic accidents on Missouri highways and streets during May accounted for the deaths of 87 persons—five more than the number killed during the same month last year. The May figure brought the total deaths for the first five months of the year to 420—73 more than last year's toll at the same time.

Thirty-seven of the dead for May were killed in collisions of two or more cars, with only five less (32) killed in ran off roadway accidents. Three children, riding bicycles, were killed when hit by motor vehicles—the oldest 14. One boy 11 years old and two men; 37 and 54 were killed in falls from moving vehicles.

Two died in collisions of motor vehicles with fixed objects and 2 more in the collisions of motor vehicles with railroad trains. Eight pedestrian accidents accounted for 8 dead and one pedestrian was killed at the scene of a previous accident when a third car crashed into a car that was being pulled from the roadway.

Of those killed, 43 were drivers, 32 were passengers, 9 were pedestrians and 3 were riding bicycles.

A high 58 per cent of the deaths occurred on the four three-day weekends during the month and 25 per cent on the four Saturdays alone.

No rainy day savings? ...see HFC today!

It's not unusual for repair bills to catch a family unprepared—and borrowing the necessary money is often a common and sensible solution.

In fact, nearly two million folks borrow money from Household Finance every year to pay medical bills, repair bills, travel expenses... the kind of expenses you may face yourself right now.

HFC loans are prompt and convenient. You can get \$20 to \$1000, usually in just one day. If you have a steady income, and can repay in regular monthly instalments, you meet the principal requirement for borrowing at HFC. If you have a money problem, phone or drop by today!

New Secretary of Interior Is Youngest Cabinet Member

By PETER EDSON  
NEA Staff Correspondent

WASHINGTON — Frederick Andrew Seaton of Hastings, Neb., just made Secretary of the Interior, is not only the youngest member of President Eisenhower's cabinet. At 46 he's also the youngest and a good six years under the previous cabinet "baby," Atty. Gen. Herbert Brownell, Jr.

Fred Seaton is also something of a pixie in the cabinet. He gets a lot of hard work done, but he prides himself on the fact that he doesn't take himself too seriously. Until he came to Washington Seaton had preferred to work morning newspaperman's hours. That meant a leisurely breakfast about noon, then work till 2 a.m. or later. Since then, under early-riser President Eisenhower — he has been forced to change his work day, but he still works late. On this schedule he consumes gallons of coffee per day. There's always a fresh pot brewing in his office and every conference begins with a cup for his caller and himself.

Part of the Seaton line about not taking things seriously and not lik-

FREDERICK A. SEATON: On a new schedule, lots of coffee.

West, running his chain of eight daily newspapers, two weeklies, a farm magazine, a TV station and three radio stations.

They are scattered in Kansas, Nebraska, South Dakota, Wyoming and Colorado. He also has a 95-acre farm near Hastings, Neb., which is his headquarters.

Running this assemblage would be enough to keep most people busy. But the seemingly nonchalant Fred turns over to his brother the business founded by their father and takes on a half a dozen other jobs in Washington.

As it is, he ships his family out to Nebraska every summer and they rusticate on the farm while he envies them. His wife, the smart, good looking Gladys Dowd, was a Kansas farmer's daughter who worked on the Seaton papers. She and Fred met when they were journalism students at Kansas U.

Their family consists of four adopted children, two boys, two girls, one pair American, the other pair German war orphans. They range in age from 8 to 15. There's also a varying menagerie of cats, dogs, duck, horses and bird pets.

Seaton has stayed in Washington simply because of his admiration for Dwight D. Eisenhower. He will do anything he can, he says, to help the President.

They first met when Gen. Eisenhower was commander of NATO in Paris and Seaton was a U. S. Senator.

Seaton became an early Ike-for-President man. After the nomination he joined the campaign train as a public relations adviser and situation handler. (The Nixon situation, for instance.) Previously, Seaton had been secretary to Gov. Alf M. Landon when the Kansan ran for the presidency in 1936.

The United States and its 15 allies in the U.N. Command charged the Communist Polish and Czech members of the truce commission had conspired with the North Koreans in an effort to hide a Red arms buildup in violation of the armistice.

time, but the second time they did better.

It was only natural, perhaps, that when this job was out of the way, the President should choose the merry, blue-eyed Seaton as successor to former Interior Secretary Douglas McKay.

Seaton came to Washington just in time to handle the row between Sen. Joe McCarthy and former Army Secretary Robert T. Stevens. Seaton himself never got involved publicly in the hearings.

This skill indicates why Seaton shortly was summoned to the White House as Deputy Assistant to the President, in charge of Administrative Liaison. That high sounding title means keeping in touch with all the departments of the government for the President.

Seaton's biggest job in this capacity was probably his work with Secretary of Agriculture Ezra Taft Benson on the new farm bill. They couldn't get it through a Democratic Congress the first

North Korea Charges US Plans New War

TOKYO (AP) — Communist North Korea has charged the United States is planning a new war in Korea.

The North Korean Foreign Office said the U.N. Command's expulsion of the four-nation armistice inspection teams from South Korea showed that the United States plans to bring atomic arms and other new-type weapons to South Korea.

Peiping radio also blasted the ouster of the truce group as a "rude and unscrupulous action" and said it "places the entire Korean armistice agreement under threat of being wrecked."

The North Korean communiqué, broadcast by Pyongyang radio, termed the expulsion "an act destroying the armistice in Korea." But North Korea indicated it would continue to observe the armistice, saying the truce could not be nullified nor the powers of the truce teams changed by what it called an unilateral U.S. action.

The U.N. Command airlifted the truce inspectors from the South to the neutral zone between the two Koreas Saturday. The truce supervisory commission announced it was pulling its teams out of North Korea also.

Texas Candidate Calls Supreme Court Judges Cheap Politicians

AUSTIN, Tex. (AP) — Cowboy candidate for governor J. Evetts Haley has called the Supreme Court "a bunch of cheap politicians" who should be impeached by Congress.

Haley, former history professor and author, told a Democratic rally yesterday that if the Federal government should seek to enforce an integration injunction against a school board, the state should resist to the point of "throwing the U.S. marshal in the hoosegow."

If the government should send U.S. troops, "that would mean a police state," Haley said. He said he didn't think the conflict would go that far. He added that he would not want to carry resistance to the point of secession, commenting he didn't think it would be necessary.

## Weekends Are More Deadly Than Holidays

There were only four Saturdays in May but 25 per cent of the Missouri traffic deaths for May occurred during those four days. The total killed on Saturdays was 22 or an average of 5½ deaths for each of the four Saturdays.

Memorial Day fell on Wednesday this year and two Missouri traffic deaths were counted. The Memorial Day toll was 3½ deaths under the average Saturday traffic toll.

There were four Friday, Saturday and Sunday week ends during May — 51 persons were killed in traffic accidents during these week ends, or an average of 12½ persons for each of the 4 week ends.

The traffic death toll for Memorial Day, the day before and the day after totaled three; or 9¾ less deaths than the average three day week end toll.

These facts were determined through a study of the statistics accumulated by the Missouri Highway Patrol Safety Bureau. Their records show that many ordinary weekends are more deadly than highly publicized holiday weekends.

Superintendent of the Patrol, Col. Hugh H. Waggoner, says there is every indication that when drivers believe there is danger on the highway they drive in a manner to forestall traffic accidents and the resulting tragedies.

On holiday weekends drivers are more cautious because of the concentrated publicity on holiday traffic hazards. They become safety minded. On ordinary weekends they do not exercise the same caution and even with less traffic the death toll soars.

Waggoner said, "Drivers must realize that any time they drive, they are in danger, whether on a holiday, a weekend or on Monday."

## Oak Point 4-H Club Holds Regular Meeting

The Oak Point 4-H Club met June 1 in the Tegtmeyer home. At this meeting plans were made for an ice cream social for 4-H members and their parents to be July 6. The share the fun night was discussed with quite a number volunteering talent.

The club is sponsoring Roger Rumpf at Bob White Camp, Knob Noster.

Marlene Rumpf gave a home furnishing demonstration on framing pictures. There were 13 members present.
